Dear Effa:

I am sending herewith true carbon of a letter going to Ernie Wright which speaks for itself and which gives you precisely the information that you have sought. Beyond that I can say very little except that I am going to get the much needed rest this summer that I have long needed.

On May 1, 1946, I am going to Montreal to see Jackie Robinson when Montreal opens with Jersey City in that city. I had planned to be in Jersey City yesterday and wish now that I had gone. Didn't he come through in great style?

May 17, 1946, I am running a baseball excursion to Toronto, the very nearest point where the local fans can see Jackie. I suppose you have an idea that Buffalo is closer, but it isn't.

There is an outside chance that I might come to Newark next week to see one of those games. Of course I will be in New York the week of the 19th of June and take in the fight leaving immediately thereafter for Los Angeles.

Remember me kindly to Abe and let me hear from you when you have the time.

Cordially yours,

John R. Williams
